Vacant	6/30/26	#8	At Large
Mike Reynolds	6/30/28	#9	Sweet Home

Staff

Terry Martin, Superintendent

Kevin Strong, Business Manager

The Sweet Home School District's Budget Committee comprises all nine Board members and up to an equal number of community members who are appointed by the Board. Staff members are not eligible to serve on the Budget Committee. The Budget Committee members are appointed for three-year terms. The terms are staggered so that, as near, as practicable, one-third of the appointive members' terms end each year.

According to Board policy DBEA: Budget Committee, "the budget committee shall hold one or more meetings to receive the budget message, receive the budget documents, and provide members of the public with an opportunity to ask questions about and comment on the budget document." These meetings occur annually each spring.

Oregon state law provides that if a budget committee is not able to fill every seat, the budget committee simply proceeds in its normal process with the individuals that volunteered sitting in the appointed seats. ORS 294.414(2) says that "if there are no electors willing to serve, the governing body shall be the budget committee."

According to information provided by the Oregon School Boards Association, "a simple majority of whatever total number of individuals serving on the committee will be sufficient to transact any business and approve the necessary budget documents."

Budget Message – 5/20/2026

I would like to begin this budget message by thanking Sweet Home's voters for passing the bond measure. This investment will allow the District to improve school safety, update facilities, and strengthen career preparation opportunities for Sweet Home students.

While we are very excited about the bond, this year's budget message is primarily about the district's operating budget.

Statewide, school districts are facing a challenging financial environment. Daily, there are news reports regarding multi-million dollar shortfalls, layoffs, furlough days and program reductions.

I am encouraged to report that Sweet Home's 2026–2027 budget does not include cuts like those occurring elsewhere. Here are some of the steps we are taking to help avoid those outcomes.

First, we remain committed to operating with a lean administrative structure. Sweet Home does not maintain some of the additional administrative positions or departments found in districts of similar or slightly larger size. For example, we do not have an assistant superintendent, and existing staff cover multiple areas of responsibility. This allows the district to operate without separate human resources, technology, communications, or executive operations directors. We also do not maintain a separate DEI, social justice, or inclusion department as part of our administrative structure and we have not contracted out for project management services.

By limiting administrative overhead, we are able to direct more resources toward schools, classrooms, and services for students.

Second, we are working diligently to maximize non-tax revenue sources. One example is investment earnings. During the 2024–2025 fiscal year, Sweet Home generated more investment earnings on a per-student basis than most other school districts in the state. This reflects the district's ongoing effort to manage available resources carefully so we can direct more resources to our students and schools.

Third, we continue to budget conservatively and plan beyond a single fiscal year. We avoid using temporary resources to create permanent obligations. We review staffing, programs, and operating costs on an ongoing basis and have tried to make gradual adjustments before financial challenges become more disruptive.

As a result, the 2026–2027 budget is largely a status quo budget. However, it is important to be clear that Sweet Home is not immune from the same financial pressures affecting districts across Oregon. The gap between state funding and rising operational costs continues to narrow.

Along with maintaining financial stability, our focus remains on helping students succeed. A status quo budget does not mean the district is standing still. It means we are working to protect core programs while continuing to improve the support and opportunities available to students.

The district will continue focusing on early literacy, academic intervention, attendance, and career-connected learning. These areas are important because they directly affect whether students are prepared for the next grade level, graduate on time, and leave Sweet Home schools ready for college, career training, employment, military service, or other postsecondary opportunities.

We also recognize that students and families may need different pathways to stay engaged and successful in school. We are strongly considering for the upcoming school year an online learning option for students. While we believe the most complete educational experience happens in the classroom, where students benefit from direct instruction, relationships with staff, and daily interaction with their peers, this new program will provide families with another educational option while continuing to keep students connected to Sweet Home schools.

Please note that we occasionally receive inquiries about the total budget amount. It is important to recognize that actual spending each year is typically well below the total amount budgeted. The adopted budget establishes the District's legal spending authority and sets an absolute spending limit for each fund and major function. Our financial goal is to remain well within the overall budgeted spending limits each year. In addition, the voter-approved bond increases the total budget amount because bond proceeds and related capital project expenditures must be included in the budget. I encourage you to review the accompanying budget summary for additional information.

We also occasionally receive questions about individual line items within the budget. The full budget document includes this level of detail so readers can see what makes up the totals for each fund and major function. This information is provided for clarity and general understanding. However, the legally adopted budget is established at the fund and major function level, not at each individual line item.

Thank you for the opportunity to work for our students. It is a pleasure to serve.

Sincerely,

Terry Martin

Budget Summary

The proposed budget is \$93.6 million. After internal transfers and contingencies are deducted, the actual spending level is projected at \$63.6 million. This amount includes:

- \$12.3 million in anticipated first year bond spending.
- \$1.8 million to operate the school district's nutrition services program. Sweet Home provides free breakfasts and lunches for all students through the Community Eligibility Provision program. This budget amount also includes the summer lunch program and meals for Fire School for the Oregon Department of Forestry and United States Forest Service. Our Nutrition Services Staff typically serves over 200,000 lunches and over 100,000 breakfasts to students during the school year.
- \$2.0 million in pass through funds to the Sweet Home Charter School.
- \$2.9 million in Student Investment Account funds and High School Success funds to provide enhanced mental health services, expand Career and Technical Education (CTE) opportunities, eliminate pay-to-play fees, reduce class sizes, and strengthen overall student support.
- \$0.8 million budgeted as a placeholder in case the district is awarded additional grants between now and the end of the 2026-27 fiscal year.
- \$1.6 million in student activity funds for specific uses by student organizations.
- \$0.6 million for operations and maintenance costs for the community swimming pool.
- \$2.5 million for debt service on the district's outstanding general obligation bonds
- \$2.4 million for debt service on the district's outstanding PERS pension bonds
- \$2.3 million for student transportation services.

- \$0.3 million for potential bus replacements.
- \$2.2 million allocated through federal and state grant programs for designated funding purposes.
- \$1.8 million in Long Term Maintenance funds that are available for facility improvement projects if approved and directed by the School Board.
- \$30.1 million net of the ending fund balance, swim pool and student transportation operating costs for the General Fund which supports day-to-day operations and extra-curricular activities.

The budget reflects a spending limit. Our financial goal each year is to stay well within the overall budgeted spending limit.

The Sweet Home High School band takes the field for a spirited halftime performance on Senior Night. Sweet Home went on to win the Senior Night football game 48-7 against Cottage Grove.

SWEET HOME SCHOOL DISTRICT

Our Roadmap to Success for Every Student

2030

*Strategic
Plan*

PROFILE OF A SWEET HOME GRADUATE

- Productive Citizen
- Life-long Learner
- Critical Thinker
- Ethical Leader
- Effective Communicator

Vision:

Give each student every opportunity to achieve their potential.

Safe & Engaging Schools

Provide safe, secure and modern learning spaces that foster creativity, engagement and readiness for an ever-changing world.

Thriving Students & Prepared Citizens

Empower every student to thrive as a contributing citizen with strong character, clear purpose, and individual strengths.

Academic Success for All

Provide a rigorous, well-rounded education that meets the varied learning needs of all students and prepares them for success beyond graduation.

Connected School Community

Build strong connections among schools, families, and community partners to foster student growth and shared success.

Our Mission

A district where all students are valued, inspired, and belong.

BUDGET DETAIL INFORMATION

General Fund Pages 11 - 33

The General Fund is used to account for general operations and activities of the District.

Special Revenue Funds Pages 34 - 65

Special Revenue Funds account for the use of revenue earmarked for a particular purpose.

Debt Service Funds Pages 66 - 68

Debt Service Funds are used to account for money that will be used to pay the interest and principal of long-term debts.

Capital Projects Funds Page 69

Capital Projects Funds account for financial resources used to acquire or construct major capital facilities. The most common source of revenue in this fund would be the sale of bonds.

Wiley Creek Senior Living hosted a preview performance of the Holley Elementary School Talent Show in April.

The General Fund is the District's main operating budget. The majority of the money that makes up the General Fund comes from State sources, such as the State School Fund. This source of funding is primarily supplied by the State's income tax revenue.

The State allocates funding to school districts based on a formula that considers student enrollment with extra funding given for certain factors. These factors include the number of English Language Learning students, students with disabilities, students in poverty as determined by U.S. Census Bureau estimates and average teacher experience. Districts with high schools with enrollments below 350 students also receive additional funding.

General Fund revenue also includes a local option levy that helps pay for swim pool expenses.

This instructional program provides extracurricular opportunities for 9th through 12th grade students attending Sweet Home High School.

Sweet Home's Jesse Landtroop claimed an individual state championship, helping the boys wrestling team capture the OSAA 4A State Team Championship in commanding fashion. Sweet Home scored 283 points to secure the team title, finishing well ahead of runner-up Pendleton High School, which tallied 202 points.

This fund serves as a place holder for possible state and federal funds that must be tracked in a special revenue fund.

Students in Steve Thorpe's Applied Math class at Sweet Home High School learn how the Pythagorean Theorem is used in real careers. With the help of local business owner and Sweet Home High School graduate Andrew Swanson (AC Tile), students practiced pulling right angles and making sure lines are square, a skill used every day in construction and the trades.

Sweet Home School District 2026-2027 Adopted Budget

The 2019 Legislature created the Corporate Activity Tax (CAT) as a means of establishing an additional, dedicated funding source for K-12 education. The tax took effect on January 1, 2020 with the first estimated tax payments due in April of 2020. Revenues are distributed into three state accounts: the Early Learning Account, the Student Investment Account and the Statewide Education Initiatives Account.

Student Investment Account proceeds are distributed to school districts. The allowable use categories are noted below (Source: *Student Investment Account - A Report on Progress and Implementation*, ODE, March 2021)

1. Increased Instructional Time

- Increase hours or days of instructional time;
- Add summer programs and/or before and after school programs.

2. Improving Student Health and Safety

- Invest in social-emotional learning and development, student mental and behavioral health;
- Improvements to teaching and learning practices or organizational structures that lead to better interpersonal relationships at school;
- Student health and wellness, trauma informed practices, school health professionals, or facility improvements that improve student health or safety.

3. Reducing Class Size

- Increase the use of instructional assistants, educators, and counselors;
- Use evidence-based criteria to ensure appropriate student-teacher ratios or staff caseloads.

4. Well Rounded Education

- Include developmentally appropriate and culturally responsive programs;
- Broaden curricular options at all grade levels (including access to art, music, PE, science. etc.);
- Increase access to educators with a library media endorsement. Grant recipients are also allowed to spend a small portion of funding on ongoing community engagement activities and administrative costs.

The 2023 Oregon Legislature created the Early Literacy Success Initiative with the following four goals:

- Increase early literacy for children from birth to third grade.
- Reduce literacy academic disparities for student groups that have historically experienced academic disparities.
- Increase support to parents and guardians to enable them to be partners in the development of their children's literacy skills and knowledge; and
- Increase access to early literacy learning through support that is research-aligned, culturally responsive, student-centered and family-centered.

The Federal Individuals with Disabilities Education Act provides financial assistance to help meet the unique learning needs of eligible children with disabilities. For internal tracking, fund number 272 was used during the 2054-2026 fiscal year and fund number 274 will be used during the 2026-2027 fiscal year. In addition, fund numbers beginning with 27X are used for IDEA mini grants.

Sweet Home School District licensed staff members hired prior to July 1, 1999 and administrative staff members hired prior to September 1, 1999 are eligible for an early retirement stipend provided they are eligible for retirement under PERS rules and have ten years of full-time employment with the District at the time of retirement. This fund helps offset a portion of the liability balance.

This fund is used for revenues and expenses related to a cultural exchange program Sweet Home High School has with Josai University High School in Tokyo, Japan.

Sweet Home High School students participating in the Josai cultural exchange program visit Japan in the summer of 2024. Sweet Home students will again visit Japan in the summer of 2026.

This fund receives the depreciation reimbursement from the State School Fund for district school buses. The revenue will be used to purchase new student transportation equipment. ORS 327.033 requires school districts to deposit State School Fund revenue received for transportation depreciation into a separate fund to be used exclusively for the acquisition of new buses or transportation equipment.

The Sweet Home School District was awarded a \$2.5 million state seismic grant in April 2023 to upgrade Oak Heights Elementary School to life safety standards in case of a major earthquake. The improvements were completed in 2024.

Construction work during the summer of 2024 on the Oak Heights Elementary School seismic project. Numerous improvements were made using District funds in addition to the grant funded seismic work.

The Long Term Maintenance Fund provides a source of funds for facility repairs and improvements. The Board established this fund in 2004 so the District would not have to rely entirely on bonds to make capital improvements and major repairs.

Funds are set aside for critical repairs to keep the swimming pool operational, the eventual replacement of the Husky Field turf, to resurface the track, and for major repairs to school buildings. Funds can also be used for projects identified in the District's Long Term Facility plan.

This fund is a special revenue fund established to account for the revenues and expenditures associated with participating in the Senate Bill 1149 energy conservation program. Oregon's 1999 electric-utility restructuring legislation (Senate Bill 1149) required Pacific Power and Portland General Electric collect a public purpose charge from their customers to support renewable energy and energy efficiency projects through January 1, 2026 including the Energy Efficient Schools Program. In 2021, House Bill 3141 extended the program's sunset date for ten years until 2036.

In 2001, Sweet Home voters passed an \$18,720,520 general obligation bond. Proceeds were used to renovate Sweet Home High School, add classroom space at Hawthorne Elementary School, upgrade heating systems throughout the district, make Americans with Disabilities Act improvements, replace roofs, upgrade lighting and electrical systems, install security systems and build covered play structures.

Debt service payments were originally scheduled through June 2029. When the bonds were issued, scheduled debt service payments (principal plus interest) totaled \$37,938,415.

In April 2005 and January 2006, the District refinanced portions of the general obligation bonds at lower interest rates. Doing so reduced future debt service payments by \$1,412,324.

In 2015, the District refinanced the bonds issued in 2005 and 2006. Doing so reduced future debt payments by an additional \$3,753,613. Debt service payments due in 2028 and 2029 were eliminated.

Voters passed a \$4 million bond in May 2017. Debt payments were structured to maintain the existing tax rate. The final full debt service payment is due in February 2028 with a partial payment due in February 2029.

In 2002, the Sweet Home School District borrowed \$8,089,414 to pay off a portion of what was the District's actuarial determined unfunded liability to the PERS pension system. Doing so will result in a cost savings provided investment earnings on the amount borrowed exceed interest costs.

Revenue for this fund is generated from a percentage of payroll expense on all PERS eligible employees. Meanwhile, debt service payments are made to the State of Oregon on behalf of the District from the State School Fund allocation charged to this fund.

In 2010, the District prepaid a \$540,000 portion of the outstanding debt with a coupon rate of 5.5 percent that was due during the 2020-2021 fiscal year.

Debt payments continue through the 2027-2028 fiscal year.

Operating Contingency	0		
Total Trust and Agency Fund	\$ 0	TOTAL BUDGET:	\$ 93,629,459
*(Unappropriated funds are <u>not</u> appropriated)			

BE IT RESOLVED that the **Board of Directors of Sweet Home School District #55** hereby imposes the taxes provided for in the adopted budget at the rate of \$5.0057 per \$1,000 of assessed value for operations; \$0.30 per \$1,000 of assessed value for the local option; and in the amount of \$1,995,000 for bonds; and that these taxes are hereby imposed and categorized for tax year 2026-2027 upon the assessed value of all taxable property within the district.

<u>Education Limitation</u>		<u>Excluded from Education Limitation</u>
General Fund	\$5.0057 /\$1,000	
Local Option	\$0.3000 /\$1,000	
Debt Service Fund		\$1,995,000

GASB Statement 54, issued by the Government Accounting and Standards Board, requires fund balances to be reported in classifications that "comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent."

The ending balance for all funds must be designated per the following categories set forth by GASB 54:

- **Non-spendable** – Funds which cannot be spent.
- **Restricted** – Amounts subject to externally enforceable legal restrictions (imposed by grantors, contributors, governmental regulations, etc.)
- **Committed** – Amounts whose use is constrained by limitations that a government imposes upon itself.
- **Assigned** – Intended use of resources established by the governing body itself, or by an official or officers to which authority is delegated by the governing body.
- **Unassigned** – Available for any purpose. (Reported only in the General Fund.)

Assignments

Authority to classify portions of ending fund balance as Assigned is hereby granted to the Superintendent and Business Manager.

Spending as it Relates to Ending Fund Balance Policy

The Board of Directors considers the spending of restricted fund balances on purposes for which such funds can be used to occur first when funds are spent for restricted and unrestricted purposes. When unrestricted classifications of fund balance are spent, the board will consider that committed amounts will be reduced first, followed by assigned amounts and then unassigned amounts.

NOW THEREFORE the Board of Directors for the Sweet Home School District hereby make the following designations of FY 2025-2026 ending fund balances and revenues for specific uses in FY 2026-2027:

1. **Committed Fund Balances** – The ending balance of each of the following funds is "**Committed**" in accordance with the purposes stated for each fund or program in the FY 2026-2027 adopted budget:
 - PERS Debt Service Fund 310 for 2002 Series Borrowing
 - PERS Debt Service Fund 320 for 2003 Series Borrowing
2. The General Fund is unassigned. All other non-fiduciary funds are either assigned or restricted.

GASB 54 only applies to governmental funds. Trust and Agency funds do not report a fund balance in the basic financial statements.

The above resolution statements were approved and declared adopted on this 8th day of June 2026.
